

PREPARATIONS ARE GOING FORWARD TO STOP ARMED MEN

Ex-Service Men Are Being Recruited to Assist Forces Already in the Field—Twenty-Sixth Regiment at Camp Dix Has Been Ordered to Prepare—Legion Men Volunteer

(By The Associated Press)
LOGAN, W. Va., Aug. 30.—Extraordinary preparations went forward today and continued tonight following reports of a gathering of armed men at Jeffery, in the adjacent county of Boone. Reported estimates of the number vary from hundreds to thousands. Lack of telephone communication with Jeffery precluded confirmation of figures.
Fearing that the men would cross the hills to the Logan county side, companies of ex-service men were being formed today to reinforce detachments of deputy sheriffs and state police now guarding the border. In this town, the county seat, a battalion drilled thruout the afternoon. Additional forces of former soldiers were reported to be coming from Welch and McDowell.
No word has been received from Adjutant General John H. Charnock, who left Charleston today on a special train for the "district of uncertainty," on the west slope of Spruce Fork Ridge, separating Logan county from Boone. Sheriff "Bill" Hatfield, commanding the McDowell contingent, which is guarding the state highway from Logan to Jeffery today made a tour of inspection.

READY TO TALK ON QUESTION OF UNEMPLOYMENT

Gompers Says Organized Labor Ready to Take Part

(By The Associated Press)
ATLANTIC CITY, N. J., Aug. 30.—Organized labor is ready to consider any invitation from the government to participate in a conference with a view of solving the unemployment situation, Samuel Gompers, president of the American Federation of Labor announced today at the closing session of the federation's executive council.
"Such a conference," he declared, "is not to be opposed, when the workers of the country are suffering from unemployment and there is no work in sight."
Mr. Gompers declined to state what co-operation organized labor would give such a conference but indicated that he would have the organization's full support.
He said the council today discussed the proposed conference and adopted a motion instructing him to notify the council members if any invitation was received from the government to participate in such a meeting.
Unemployment Conference
While the unemployment conference was discussed behind closed doors, it was learned that there was some opposition to representatives of the federation participating in any such meeting. One member declared that such a conference would gain nothing for organized labor which, he added, is charged with being responsible for the unemployment because of its refusal to submit meekly to wage reductions.
The council in any event it was decided to press its program calling upon federal and state governments to furnish work to thousands of unemployed by starting up public works and road building.
Mr. Gompers announced that efforts would be made within the next sixty days to bring about the reactivation of the Brotherhood of Maintenance of Way Employees and Railway Shop Laborers with a membership of 200,000.
The council today also sent out an appeal to all state legislatures with the exception of Ohio, asking those bodies to adopt or amend their workmen's compensation laws to correspond with the Ohio State Workmen's compensation act.
The council, which has been in session for more than a week, adjourned to meet in Washington on November 14, but Mr. Gompers was instructed to call a special meeting before that time if necessary.

CLAIM AUTHORITIES OPRESSED THEM

LINCOLN, Neb., Aug. 30.—In answer to a complaint to Governor McKelvie made by a number of transient harvest hands at Sidney, Nebraska that they were being oppressed by the authorities there, the governor today wired J. W. McDaniel of Cheyenne county for information. A reply was received from the sheriff this evening stating that the transient hands at Sidney were filled with "transients" and that he was managing the situation as well as he could.
He denied that there had been any oppression.

PROCLAMATION IS ISSUED BY THE PRESIDENT

Calls on All Persons to Resume Peaceful Occupations

(By The Associated Press)
WASHINGTON, Aug. 30.—President Harding, in a proclamation laid today commanded all persons engaged in "unlawful and insurrectionary proceedings" in the West Virginia coal fields to disperse and retire peacefully to their homes before noon of Thursday, September 1.
Unless there is prompt compliance the administration let it be known that martial law would be declared and Governor Morgan's appeal for federal troops granted.
Meanwhile Brig. Gen. H. H. Bandholtz who made a preliminary investigation around the Mingo district last week was ordered to watch the situation and advise the war department how the proclamation was received. In a report made public yesterday General Bandholtz expressed the opinion that the state authorities had made "only feeble attempts" to restore order.
Urges Despatch of Troops.
The proclamation was issued by the President after a day of conference. A West Virginia delegation headed by Senator Sutherland strongly urged the immediate despatch of troops to the scene of trouble.
The intimation was given by administration officials that if troops were sent there would be an adequate force and that "there would be no child's play."
The President's proclamation follows:
"Whereas, The governor of the state of West Virginia has represented that domestic violence exists in said state which the authorities of said state are unable to suppress; and
"Whereas, It is provided in the constitution of the United States that the United States shall protect each state in this union, on application of the legislature or of the executive when the legislature cannot be convened; and
"Whereas, By the law of the United States in pursuance of the above it is provided that in all cases of insurrection in any state or of obstruction to the laws thereof it shall be lawful for the president of the United States on application of the legislature of such state or of the executive when the legislature cannot be convened to call forth the militia of any other state or states or to employ such part of the land and naval forces of the United States as shall be judged necessary for the purpose of suppressing such insurrection and causing the laws to be duly executed; and
"Whereas, The legislature of the state of West Virginia is not now in session and cannot be convened in time to meet the present emergency and the executive of said state under Section Four of Article Four of the Constitution of the United States and the laws passed in pursuance thereof, has made due application to me in the premises for such part of the military forces of the United States as may be necessary and adequate to protect the citizens of West Virginia and the citizens thereof against domestic violence and to enforce the due execution of the laws; and
"Whereas, It is required that whenever it may be necessary in the judgment of the president to use the military forces of the United States for the purpose aforesaid, he shall forthwith, by proclamation command such insurgents to disperse and retire peacefully to their respective homes within a limited time.
"Now, Therefore, I, Warren G. Harding, President of the United States do hereby command all persons engaged in said unlawful and insurrectionary proceedings to disperse and retire peaceably to their respective abodes on or before 12 o'clock noon of the First Day of September, 1921, and hereafter abandon said combinations and submit themselves to the laws and constituted authorities of said state:
"And I invoke the aid and co-operation of all good citizens thereof to uphold the laws and preserve the public peace.
"I witness whereof, I have hereunto set my hand and caused the Seal of the United States to be affixed.
"Done at the City of Washington, this thirtieth day of August, in the year of Our Lord One Thousand Nine Hundred and Twenty One, and of the Independence of the United States, the One Hundred and Forty Sixth."

ADDRESS BY THE GEORGE A. MILLER FEATURES SESSION

Disciples of Christ Open International Convention

(By The Associated Press)
WINONA LAKE, Ind., Aug. 30.—An address by the Rev. George A. Miller, of Washington, D. C., president of the Disciples of Christ was the outstanding feature of the first day of the annual international convention of the church which opened here today.
The Rev. Mr. Miller addressed nearly 5,000 members who have come from all parts of the world to attend the convention.
Every board and agency of the church should be required to report to the convention and should be under the control of the convention, he declared, in urging a closer union and more businesslike methods of operating the church.
The Rev. Mr. Miller urged co-operation, pointing out that the greatest work of Christianity can be accomplished thru a united effort of all denominations. He branded the growing evil of the motion picture show and Sabbath desecration and urged that the Disciples take a stand with other churches in combatting these "evils."

The convention spent the afternoon in hearing reports of various committees.

FOUR ARE HELD AS MEMBERS OF AUTO THEFT RING

Officials Believe Big Midwest Organization is Broken Up

(By The Associated Press)
DETROIT, Mich., Aug. 30.—With the arrest of four men, who were arraigned in federal court here today charged with violating the Dyer automobile theft law, police and federal agents declare they have broken up an "automobile theft ring," that operated thruout the middle-west.
The men are Riby Smiser, Everett Pifer, Ernest Smiser and Marvin Pifer. They entered pleas of not guilty.
Thirty high grade automobiles identified as the property of Detroiters have been recovered in Missouri and Illinois, officers announced. Most of the cars were found in Moberly, Jacksonville and Duncan Bridge, Mo., while a few were in possession of residents of Cairo, Ill.
The authorities said further arrests and the recovery of other machines were expected.

Hold Two as Witnesses.
Joseph Riley and Steve White of Jacksonville, Mo., are being detained as witnesses. They were taken into custody at Bryan, Ohio, two weeks ago while driving cars reported stolen here.

Upon information furnished by them the four arraigned today were arrested, Everett Pifer and Riby Smiser being taken at Moberly, by Detroit detectives.
The authorities said further arrests and the recovery of other machines were expected.

A force of negro clerks and stenographers will be employed under the direction of Dr. Crossland, it also was announced to receive claims for compensation, war risk insurance, vocational training, and medical attention.

ROOT URGES BAR MEMBERSTOHELP YOUNG LAWYERS

Former Secretary Addresses Bar Members

(By The Associated Press)
CINCINNATI, O., Aug. 30.—A day of sectional meetings devoted largely to reports of committees and discussion occupied delegates and visitors here today for the forty-fourth annual convention of the American Bar association. Prominent barristers from all sections of the country attended the business meetings, auxiliary to the program of addresses beginning tomorrow before the general convention.
Elihu Root, former secretary of state, made two brief addresses today, at which he urged the bar to play an important role in creating public opinion and in educating young lawyers in the fundamentals of the law.
"Modification of the principles of law is going on at greater speed and in larger scope than ever before," Mr. Root told today's session of the legal education section of which he is chairman.

"Must Find Guiding Line."
"There are decisions on both sides of every question you can imagine different from that of fifty years ago, that some guiding line must be found."

The former secretary of state urged that the bar association exercise strict supervision of lawyers of the coming generation, so that the legal profession might have competent men to administer the law.

Miss Annette Adams, of San Francisco, was one of the speakers before the criminal law section, urging swift prosecution of those charged with crime.
Forged finger prints were explained to the same section by Milton Carlson, a finger print expert of Los Angeles, who explained how finger prints could be spurious, disposing of the popular theory, he said, that finger prints were infallible.

Delegates to the convention in conference today made reports of the activities of their local and state bar associations. The association of attorneys general and the commissioners on uniform state laws, concluded their sessions today, prior to the general convention tomorrow.

After a lengthy discussion tonight, the conference of delegates adopted a resolution providing that the association should examine representatives appearing in cases before the United States treasury department.

The resolution also provided that the giving of advice on the income tax be regarded as the practice of law.

Harry M. Daugherty, United States attorney general, arrived tonight and is on tomorrow's program, although he said upon his arrival that he may be called back to Washington at any time on account of the West Virginia disorders.

Floyd Thompson, of Rock Island, Ill., was elected president of the criminal law section.
Following the election, an address was made by E. W. Sims, former United States district attorney of Chicago.

SUSPECT ARRESTED IN STANDARD OIL \$46,000 HOLDUP

Police Believe They Will Get the Names of Rest of Gang

ST. LOUIS, Mo., Aug. 30.—Thomas Hayes, aged 27, charged with participation in the \$46,000 Standard Oil company holdup at Wood River, Ill., Aug. 4, is in jail here tonight, and Miss Margaret McDonald, 21, who was with Hayes at the time of his arrest today, is held pending an investigation which police believe may lead to identification of the remaining members of the bandit gang. According to police Hayes is married and separated from his wife. The arrest was made after he had been identified as a participant in an oil station robbery here a few weeks ago.
Three robbers held up a messenger of the oil company at Wood River, Aug. 4, taking a pouch containing \$46,000 in currency. The pouches, with contents intact were later found in a corn field south of that place.
An investigation following the robbery developed the fact according to police that a woman who knew about it arranged for the robbery. Informants five gangs of St. Louis crooks, who were in Wood River the day of the robbery.

MESSAGE IS SENT BY PRESIDENT TO MOTHER OF SIXTEEN

Congratulates Her On Having Such a Large Family—Finds That Husband Receives But \$20 Per Week—Asks Wanamaker if Something Cannot be Done to Help Him

(By The Associated Press)
WASHINGTON, Aug. 30.—President Harding stepped to the front today in behalf of the father of nineteen children—sixteen of them living—who is working as a porter in a New York department store at twenty dollars a week.
In sending his congratulations to the mother, Mrs. Domencio Zaccachea, of New York City, whose family group picture recently was printed in a newspaper, the president went back to his own home to tell how his mother, who had brought up eight children, had expressed the hope prior to her death that she might have been the mother of eight more.
After Mrs. Zaccachea had replied to the president telling of the great burden on the father in feeding and clothing his big family, Mr. Harding wrote John Wanamaker, the merchant, asking if something could not be done for him, and Mr. Wanamaker promised to help.

The president's letter to the mother follows:
"My Dear Mrs. Zaccachea:
"I noticed in the photograph section of one of the Sunday newspapers a picture of yourself, your husband and your very remarkable family of sixteen children. I cannot resist expressing my very cordial congratulations. Perhaps I am moved to do so because of a little incident in my own life. My mother bore eight children and raised six of them to maturity. One afternoon shortly before her death, we were all at my home holding a family reunion and she spoke of having borne eight children and said, with an affection most appealing to me, that she had been happy to bear eight children and if she had her life to live over, she would have no desire to change it except to bear eight more. I thought it was a beautiful thing for her to say and the recollection of it inspired me to write my very cordial congratulations to you and to add thereto my very best wishes.
"Very truly yours,
"Warren G. Harding."

To this Mrs. Zaccachea replied:
"My Dear President:
"With my most grateful pleasure, I have the honor to acknowledge receipt of your excellency's letter congratulating me for my remarkable family.
"I wish to be excused for the delay in acknowledging receipt. I was very delighted at the news that you come from a large family and your mother was proud of having given birth to eight children and raised six to maturity.
"I gave birth to nineteen children, sixteen of whom are alive as their photograph is here enclosed and I send it to you as my most precious possession.
"My husband and I are never discouraged of the great task before us as the older ones help to support the younger, but the one thing I regret that my husband's earning capacity is only \$20 per week, employed by John Wanamaker of this city.
"May I ask of your excellency's recommendation for a better position to my husband where his earning capacity will be larger than his present one, so that will give us an opportunity to bring the younger children to maturity with a better education.
"With deep appreciation of your letter, I am most respectfully yours,
"Mrs. Domencio Zaccachea."

In writing Mr. Wanamaker the president inclosing a copy of Mrs. Zaccachea spoke very little English it might be possible to find a way "of helping this somewhat notable family," although he explained that he knew nothing whatever of the merits of the particular case.

Mr. Wanamaker replied that Zaccachea spoke very little English that he had been employed two years and was earning two dollars a week more than others doing similar work. He promised, however, to advance him, if that could be done and also find a job for one of the sixteen children, a son 22 years old, described "as tall and strong as his father."

On the question of duties on fish, a difference of opinion was voiced by the home producers and the importers, although some New England fishing interests favored a low import tax. The Alaskan industry protested against any changes from the house rates.

Atlantic Coast fishing interests claimed that no good reason existed for duties as high as those fixed and argued that the tax would serve to increase the cost of living to "the poor folks."

LORD NORTHLIFFE PRAISES MR. HUGHES

Americans can read Lord Northcliffe's estimate of Mr. Hughes which appeared in the Chicago Tribune yesterday and feel pride. The word picture is not extravagantly done and does not tell facts about Mr. Hughes that are new to the American people. But it does good to have an eminent Englishman voice such admiration for the qualities that Mr. Hughes so well typifies.
It was unfortunate for the country that a mere last hour election happened defeated Mr. Hughes for the presidency. "The greatest political mind in American

publicaffairs in the last sixty years" is the judgment of an eminent man who knows Mr. Hughes well, and the statement is quoted by Lord Northcliffe as expressive of his own estimate.

OH, WELL, THINGS ARE NOT SO BAD

Notwithstanding hot July days and threatening drouths, we are slipping gently Septemberward with a bountiful corn crop in prospect. Wheat was pretty fair, thank you. Oats and hay not extra, but we'll have enough.

Poultry products have been profitable on the average thruout the summer. Butter fat went to the bow-wows for a week or two, but it is possible now to make a little profit on hogs.

There is more money in hogs this year than at normal times, and all those farmers who have marketed their corn via the pig pen are not complaining of prices. Finished beef is being marketed with profit by good feeders, atho old cows and cullers and canners are literally, as well as figuratively, clean down to the bone. Sheep are too cheap, but the lamb crop, on the average, was fairly remunerative.

Taken by and large and on the whole, the sentiments as well as the prospects on the farm are better than they have been since the slump started a year ago. Something like normal purchases are being made by country people

where prices are right, and the wheels are beginning to move again.

We've lots to grumble about, and we exercise our royal prerogatives in that direction; but we are pretty well agreed that things are not so worse, and that we expect them slowly, but none the less surely, to grow better.—Farm Life.

CON-CON DELEGATES MAY END STRIFE

E. O. Phillips, who has followed the ins and outs of constitutional convention affairs, says that when the convention meets at an early date warring Chicago and down state interests will come to a satisfactory agreement. This does not mean that the convention will immediately formulate its report, but that an adjournment date will be agreed upon, when the beginning of a report may be expected.

Certainly it is time for the disagreeing delegates to reach some basis of understanding, so that the results of their work may be transmitted to the people for their consideration. It's a pity that Chicago and down state cannot get together on some other affairs beside those of the constitutional convention. There had better be some "getting together" before next year if the Republican party expects to continue its present basis of representation in Washington. And there is a state election coming as well.

STILL ANOTHER DISARMAMENT PROBLEM

One of the principal enemies which a great wheat-growing country has to face, is black stem rust. Commenting upon the fatal ravages of this crop pest, the

Northwestern National Bank's review thinks that disarmament will not be complete until plant epidemics can be overcome. It says that financial cost when the next universal struggle is upon us will be a secondary tribulation when compared to some of the other costs.

"Among other attempts to cripple an enemy country, may be the introduction in its fields of plant epidemics in an attempt to destroy the crops. It seems absurd even to mention such a form of warfare, but war itself is absurd. The possibilities of the deliberate destruction of crops by such methods have been considered and investigated. In the American and Canadian Northwest we are well aware of the havoc that a plant epidemic can accomplish. Black stem rust is our familiar and worst cereal disease. In 1904 the states of Minnesota, and North Dakota alone suffered a loss from this cause estimated at \$20,000,000. In 1916 occurred the greatest damage. We then suffered a loss, conservatively estimated, of 180,000,000 bushels of wheat in the United States, and 100,000,000 bushels in Canada—over a quarter of a billion bushels of wheat lost. To say nothing of the loss in other grains. Last year the loss in this country from black stem rust amounted to 75,000,000 bushels."

WILL HAVE LOTS OF GOOD MUSIC

Three Bands to Appear at Morgan County Fair—Will Play in the Main Tent.

The Morgan County Fair will not lack for peppy music. Three bands have been secured, one from Jacksonville, one from Waverly and one from Woodson. The bands will play in the main tent so that the spectators can watch the live stock judging and also enjoy the music.

Everything in the way of preparations is working smoothly and all arrangements will be completed by the opening day September 6. Due to the lateness of getting out the catalog, entries will be accepted after August 30, so there is plenty of time for all.

All judging, except hitched horses and horses under saddle, will be held in the main tent where seats for 1,500 have been built. Many merchant displays will be shown on both sides of two midways into which the fair grounds have been marked off. Other concessions can be seen off the two midways which will be well worth observation. The exhibits entered for premium money will be found in the big tents.

All tickets for membership, exhibits and helpers can be secured at the office of H. J. Rucker, the secretary, which is located with that of the Farm Bureau on East State street. On Sept. 5 the office will be moved to the fair grounds.

OLD JACKSONVILLE

GOOD BYE, JIM!

(BY ENSLEY MOORE)
Member Illinois State Historical Society

Jim was going to "Bateman's School" that first Monday in 1857, when the little boy from Perry started in at the "West District;" and, somehow, they have kept acquainted ever since, even till last Friday night, when Jim bade the "O. J." man goodbye, before leaving for North Vernon, Indiana, to spend his last days with his daughter.

It was rather a co-incidence that Jim was born in Springfield, on North Fifth street, "opposite the Old State Arsenal" in March, 1846, and the boy from Perry was also born in the State capital, on the lot where the present State Arsenal stands, in April, 1846.

So they are both Illinoisans to the backbone.
Everybody did not call Jim by that name. People generally called him "Burt," which wasn't so far out of the way, for his name was

James Burton Mauzey.
If you do not know him, you might ask Robert T. Cassell who "Burt" was, as he frequently, of late, occupied a front seat in "Bob's" popular parquet, on the West Side of the Square. But Jim had gotten in the smoke habit perhaps, at Pyatt's, before the Cassell establishment opened its hospitable doors.

But all this has got little to do with who Jim was.
That is in part stated when George W. Mauzey looms up before the public as Jim's father.

Everybody used to know George Mauzey.
He came here from Covington, Ky., in 1844 or 1847, and this was his home until he went across the narrow stream, December 14, 1892. He was naturally one of the most emphatic of Democrats even in the days when Stephen A. Douglas and Murray McConnel were putting forth that propaganda to the "Unterrified" of Old Morgan and Illinois.

It is even possible that Mauzey and "Old Man Melindy" made things seem warm in Lambert's shop, before breakfast, when they should have been taking home their choice pieces of meat which they had secured as "early birds" at the market.

But George Mauzey was something more than a political hanger-on. He was a master mason "and, at his trade was counted good." For his hand securely laid many thousand of brick in leading buildings of Old Jacksonville. One of the first upon which he worked having been the Institution for the Deaf and Dumb, put up in the days when a certain "clique" of Democrats ran things in this town, as their party did in this state and in the nation.

But this does not explain all of Jim's parentage. For in 1845, Mr. Mauzey married

Miss Mary E. Litton, daughter of James Litton, and

Mildred Harris

The screen's Gala Fashion Show. The sensational train wreck. How the beautiful heroine comes through the fiery furnace. A drama of a woman in Habit's web. A play of powerful appeal.

Notable for the display in an Atelier of a Fifth Avenue importer and designer, where models wearing over a hundred thousand dollars worth of furs and furbelows parade. The extent and richness of the fashions shown will interest all women in that these styles are the actual ones that will be worn this winter by the leaders of fashion. They are given sufficient footage, so that every detail can be apprehended by patrons. Even the films devoted exclusively to fashions do not furnish such rich forecast of coming modes. John Holly of the vicinity of Arnold Station visited the city yesterday. He was feeling pleased over the receipt of a letter from his brother Henry from whom he had not heard in nine years and whose whereabouts was unknown to his home friends.

The wanderer had not heard of his father's death and was unaware of a good many happenings about the old home place.

He is a blacksmith by trade, unmarried and is located at Galena, northern California. He said he was well and getting along all right but had not written as he was not much given to letter writing.

THE NEW NATIONAL BUDGET SYSTEM

Congressman Guy L. Shaw Writes Interesting Series of Articles On Important Theme.

The promise made by the present administration that most vitally concerns every citizen of the United States was the pledge of economy in the affairs of the government. High taxes are made higher by an extravagant government; by the unnecessary use of public funds.

Thoughtful people throughout the country have, for a good many years, been advocating a budgetary system for governing the expenditure of the national funds. A budget is merely a business prospectus. An orderly and careful estimate of the financial needs of the government, together with the proposed revenue for the ensuing year to meet these expenses.

A boy with his first pay has little need of an elaborate budget system. But when he becomes a man and finds himself at the head of a business it is absolutely necessary for him to have a well planned system of expenditure in relation to his income. How much more than one individual does a nation need such a plan.

Great Britain, France, Japan, Switzerland all have a budgetary system.

Our population in 1790 was 3,929,625 and our average expenditure for five years was \$5,854,172. There were only a few matters that were really government concern and they had to do mostly with the army and navy and with international relations. In 1916, before the World War, our population was estimated at 100,000,000 and our expenditures at \$1,114,937,012. Twenty-five times as many people and two hundred times as much money needed for expenses.

We have always had something in the way of an estimate of income and expenditures. In recent years the head of each department submitted an annual estimate of the requirements of their respective departments to the secretary of the treasury on or before October of each year. The head of each bureau made out this estimate and presented it to the chief of his department. The various bureau heads were naturally ambitious to make as good a showing as possible and were inclined to ask for more than was actually needed for their work.

The secretary of the treasury had no authority to change these estimates and he merely passed them on to congress, together with his estimate of the revenue for the year. These various items were referred to the several committees on appropriations. These committees do not report at the same time on the result of their consideration of the requested appropriations, so that congress has no possible way to consider revenue and expenditures in their proper relation to one another. This is one of the basic defects of our present system.

Another serious defect in our plan is the fact that there has been no supervision that could bring into harmony with each other these individual estimates and thus eliminate duplication of organization work. An example of overlapping and duplication is the existence of a public health service in the treasury department, another in the war department, and another in the navy department. This of course means waste of public funds.

Reorganization of the departments goes hand in hand with the budget system, and President Harding has already brought about several important changes in that respect.

As far back as the administration of President Taft the question of establishing a budget system was earnestly debated. Mr. Taft tried having estimates brought to him by all the department heads. He reduced these estimates something like \$150,000,000, but he afterwards realized it was a mistake because he had acted without full knowledge and his reduction was lessened by deficiency appropriations later on. Consequently he came to the conclusion that the president must have a staff to advise with him. It was at this time that Mr. Taft appointed his famous economy and efficiency commission which did some of the most valuable work ever done by the government.

The question of the budget was not taken up again until June, 1919, when several bills were introduced in the house and the senate. The bill introduced in the house by Representative Good of Iowa and that submitted to the senate by Senator McCormick of Illinois were chosen for consideration in their respective houses.

These bills did not differ greatly except in one point, namely: the Good bill provided a budget staff directly responsible to the president with a director appointed by him, whereas the McCormick bill suggested that the budget be under the direction of the secretary of the treasury.

A resolution was passed by the senate providing that a special committee be appointed to devise a plan for a budgetary system and report not later than Sept. 1, 1919. On July 31, 1919, the house passed a resolution authorizing the speaker to appoint a committee of the budget and to consist of 12 members. This committee was appointed early in Oct., 1919. They held extensive hearings in order to determine what was practically feasible in the working out of the system. Among the persons appearing before the committee were some forty men of national reputation and wide experience. Hon. Wm. Howard Taft, formerly president of the United States and now chief justice of the supreme court was among the number. There was remarkable unanimity of opinion on the part of these men

that our system of handling national finance was all wrong and that the adoption of a budget system was the first step toward a remedy.

After some discussion as to just when it would come up for debate the Good bill, H. R. 9783, was referred to the committee on rules Oct. 14, 1919, and reported out of this committee on Oct. 17 with the resolution that there be a twelve hour debate on the bill equally divided between the majority and the minority. On Oct. 21 it was passed by a vote of 285 to 3. On Oct. 22, 1919, the bill was referred to a committee especially appointed by the senate to devise a plan for a budget system.

A conference had been requested and conferred were appointed by the house to consider the budget bill. On May 29, 1920, the adoption of the conference report was announced and the bill was passed and sent to President Wilson for his signature. But the president vetoed the bill on account of a technical transgression of the executive authority.

Finally early in the present session arrangements were made for a special budget committee to gain consider legislative looking toward the establishing of a budget system. On April 25, 1921, the budget bill was reported from this special committee and referred to the committee of the whole house on the state of the Union. On April 26, 1921, the senate passed the S. bill 1084. The text of the N. R. 9783 was substituted for the S. 1094 and on May 3, 1921, the bill was passed by the house by a vote of 344 to 9. The house requested a conference with the senate and it was granted May 6. On May 25 the bill was reported out of conference and May 26 the report was agreed to by the senate. On May 27, 1921, the bill was passed by the house by a vote of 334 to 3. It was approved and signed by President Harding June 10, 1921, and immediately became a law.

RETURNED FROM OHIO

Mrs. H. H. Rexroat has returned from a visit with her son, Oral, in Vanwert county, northwestern Ohio. She brings back a rather encouraging report of conditions where her son lives. Crops are fairly good and there is a large crop of apples thought it is feared they are not of a quality which will pay shipping expenses.

Mrs. Rexroat was accompanied by her grandson, Eugene Rexroat of Arcadia and who returned with her.

VISITORS FROM BLUFFS

Mr. and Mrs. Herman Huseman of Bluffs were in the city yesterday with their sons Arthur and Carl, and daughter Dora. They were also accompanied by their guests Ernest Huseman of Minnesota; Mrs. Leo Diefenbach of Brainerd, Minnesota, and Mrs. Louis Hegge of St. Paul, Minnesota. The visitors were driven about the city and various other places. They were especially loud in their praises of Nichols park which they said rarely saw equal anywhere.

CARROLLTON MAN DIES MONDAY

Robert Hardcastle passed away at his home in Carrollton last Monday morning. His wife, formerly Clara Smith of near Chapin, preceded him in death passing away in June, 1920. The decedent was 73 years old.

Four children are left to mourn the loss of their father. The funeral will be held at the Carrollton M. E. church at 2:30 o'clock this afternoon.

HAD NEVER SEEN GOLD PIECE

A traveling man who has Jacksonville on his route, went into DeSilvas restaurant some time ago and purchased a meal. Upon finishing his repast he walked over to the cashier and laid down a twenty dollar gold piece. The cashier absolutely refused to take it declaring they were not any good. "I never saw any money like that before," he exclaimed.

At the Rialto tonight, "The Road to London." It will surely interest Englishmen.

FUNERAL NOTICE.

Funeral services for Miss Elizabeth Patterson will be held Thursday. Brief services will be held from the residence at 12:30 o'clock Thursday afternoon, followed by more extended services from Ebenezer church at 2:30 o'clock. Friends wishing to view the remains may call at the Cody undertaking parlors between noon Wednesday and noon Thursday.

SHILOH CHICKEN FRY A GREAT SUCCESS

More Than Five Hundred Persons Attended — Committees Had Plans Well Made.

The Shiloh church chicken fry was one of the most successful of the series given thru the years by the people of that church. More than 500 persons attended and they found that ample arrangements had been made for their entertainment. Fried chicken, ice cream and many other good things were included in the bill of fare, and patronage was such that everything was sold.

The managers of the affair and their patrons all had good reason for being pleased with this event. J. R. Black was the general manager and the purchasing committee included Mrs. Nellie McGee and Mrs. Florence Patterson. Other officials or committee members were as given below. It is sufficient to say that all worked together in a hearty and enthusiastic way.

M. E. MINISTERS NOT STRANGERS TO CITY

Illinois Conference Will Meet Here For 13th Time—Some Historical Facts—Prospect of Many Changes.

(By C. R. Morrison.)

The coming session of the Illinois conference, Methodism, will be the 13th, entertained by the good people of the city of Jacksonville. Three years more and the conference, as an organization will have rounded out its centenary. Plans for this celebration are under consideration.

The first session held in Jacksonville was in 1832. Bishop Soule presiding. When twelve years later, the church separated, Bishop Soule went with the Church South.

Jacksonville has recently celebrated the one hundredth anniversary of its Methodist history. Peter Cartwright, in his autobiography, says (page 325): "When the Illinois conference met in Jacksonville in 1832, there were but 35 traveling preachers and our membership was about ten thousand."

The next year (1833) he writes: "The brethren in Jacksonville, though few in number and comparatively poor, petitioned for a stationed preacher. Their request was granted, and Thomas J. Starr was appointed their preacher." Referring to the earlier years, he writes: "In the course of this year (1827) the first quarterly meeting was held in a log house owned by old Father Jordan. It was held upstairs and I well remember it was an interesting quarterly meeting."

Matt Starr, a son of this first stationed preacher, was an officer

in the Civil War and the Grand Army post at Jacksonville is named in memory of him. Out of this first church in Jacksonville come East, Charge and West Church churches—then Centenary and Grace, and later Brooklyn.

The last session of Illinois conference held in Jacksonville was in 1910. Bishop Cranston presided. These eleven years have been record years in many departments of the church work.

From 35 traveling preachers in 1832, and ten thousand lay members, the coming session will record 303 traveling preachers—besides those who are in detached service, or who are supernumerary, and 98,000 lay members.

If the statistics were available concerning church property, the contrast would be more remarkable. While all through the years progress has been made in college plant and endowment, only a unified program been devised, and from the seven schools that were formerly supported, all but two have given way to the centralized idea, or the needs of the communities met by the ever expensive high schools of the state.

Educational Progress.

The co-operation of the church with the state in intellectual and moral culture has always been efficient, but more particularly of late has the church in its various branches sought to impart that religious sympathy much needed in the great state educational agencies. Not alone the Wesleyan Foundation, but the churches in the cities of the state, teaching colleges have sought to give assistance to young life in its formative period.

The dedication in February of a \$300,000 social service building, as the first unit to the Wesleyan Foundation in Urbana, at the seat of the University of Illinois, was an occasion of rejoicing by both state university officers, as well as the leaders of the educational program of the church. President Kinley delivered a masterly address, outlining the limits of state endowed institutions in matters of religion, and welcomed the helpful force needed in giving the student life the warmth and vision of religion. Bishops McDowell, Nicholson and McConnell were at their best in speeding the good work of the church in supplementing the good work of the state in intellectual culture.

The year is also marked in the progress so remarkable made at the Illinois Wesleyan University at Bloomington. The campaign begun by the citizens of Bloomington to make permanent that institution in June, culminated in three weeks of actual canvass. In securing pledges to the amount of \$715,000, fifty thousand dollars more than the quota—conditioned on a million dollars from the conference patronizing the institution. The ten-year program for building, equipment and endowment of the educational institutions of the church within the bounds of the conference will be formally set forth next week in Jacksonville. The presence of Bishops McDowell, Anderson and Nicholson, all of whom have been holding officials of the board of education of the church, will give direction and impetus to this needed task.

The Woman's College at Jacksonville, under the efficient and expert leadership of President Joseph R. Barker, has had a remarkable development and plans for advancement will be a part of

the program contemplated. The conference and the college will be on most intimate and sympathetic terms, during the week beginning Sept. 7, in Jacksonville, the beginning of large and wise and needed co-operation in the years to come.

Spiritual Progress.

The conference year has been one of anxiety and heroic devotion. Beginning in the midst of a presidential campaign, and a time of financial depression, much that was attempted had to be deferred; but much that was in progress was carried forward with difficulty to successful completion.

Revival spirit was manifested in many places. Conference Evangelists E. K. Towle of Urbana, held many successful meetings, while other consecrated pastor-helpers were active during the year. The patient, persistent effort of the women of the church, in the local within the past half century has been the standing of the spiritual forces that by prayer, study classes and contributions, have added the worker both at home and abroad in the needy fields of service.

Besides this distant help, there has been a reaction on the home church and the individual helper that has been of great spiritual power.

Chaddock and Cunningham are names to conjure with. They represent schools—where boys, hood, and the other, girlhood, handicapped and limited, are nurtured, trained and put on the high road to honorable and successful citizenship. Good reports will be forthcoming from these institutions of Quincy and Urbana.

Pulpit Ministrations.

Early in the year Rev. Walter Aitken, pastor of the First M. E. church of Urbana, received an invitation to become pastor of St. Paul's M. E. church of Lincoln, Neb. The pulpit has been supplied by Dr. A. C. Piersol, which at first was deemed to be but a temporary arrangement, but so well has the work been done, that it has continued up to the present. Dr. Piersol continued his work at the Illinois Wesleyan University as professor of religious education.

The selection of Dr. J. C. Nare as assistant secretary to the board of education, left the superintendency of the Campaign-Danville district vacant, which in April was filled by Bishop Nicholson in the appointment of Dr. A. K. Byrns of First church, Bloomington, to the place. His pulpit has been supplied by Dr. W. J. Davidson of Evanston, who also continues his work as secretary of Life Service Promotion, in connection with the committee of conservation and advance of the centenary work.

These two prominent pulpits will be supplied at the conference session. There are persistent rumors that Dr. F. A. McCarty of Vermont Street church, Quincy, will be assigned to Bloomington First church, and that Rev. E. G. Sandmeyer of Laurel church, Springfield, will be petitioned by the Urbana church to become its pastor.

Now, among the people concerned, and the preachers of the conference, the game becomes interesting. Who will go to Quincy and who will go to Laurel, Springfield? They are both strong churches. Laurel church made an advance of one thousand dollars last year in order to secure Dr. Sandmeyer, and may be loath to allow his removal. A \$110,000 church building project is contemplated. There are not wanting men, within the conference membership capable of carrying forward such an enterprise.

The transfer of Rev. W. R. Leslie, from Farmer City to Brookline, Mass., at a \$5,000 salary, will open up another vigorous and desirable charge, which a few years ago entertained the conference most delightfully. Another transfer in may be the solution of this or the Laurel church problem.

Two other prominent pulpits may be vacated, one by a request for a year of rest and travel, and another to adjust conditions locally. The conditions may, however, adjust themselves, and all go forward satisfactorily.

The average 50 per cent. of changes is freely predicted; reduction of expenses begins, usually, at the house of the Lord in times of financial depression. But in many places the spirit of heroic sacrifice is manifest, and a small saving among many will secure compensate for the loss of a hundred dollars or two in the parsonage.

Pension for Retired Ministers.

The conference endowment campaign of five-year period should terminate this fifth year. One hundred and sixty-one thousand dollars has been paid in leaving one hundred thousand dollars of pledges to be redeemed. Many gifts on the annuity plan will, in the nature of things, shortly come into the treasury of the society, and the stress and pathos of the retired ministers' lot will be greatly relieved. It is recommended by the group of commissioners having this matter in hand, in view of the need and of the payment of these pledges, as well as lapsing of annuities, the retired minister receive \$24 for each year of service in effective itinerancy, up to 40 years of such service. The widow of such a claimant to receive an equal amount, according to the years of her itinerancy. Dr. H. C. Gibbs has been untiring in his devotion to this endowment fund upbuilding, and many valuable suggestions of his, in harmony with the general law of the church, have been put into effect.

Care will be exercised concerning admissions into the conference; in receiving transfers; in scrutinizing institutions and agencies (good and worthy in themselves), but which do not contribute to the upbuilding of the endowment fund; in the appointment of detached service therefore, Physicians' certificates as to the

ment is to be carefully considered, accepted or rejected.

There are 14 men whose effective service has been 40 years or more. Eighteen whose service lie between the years 30 and 40. Twenty-two between 20 and 30, and there are twenty-eight (one-third of the whole number), below 20 years of preaching service. One man preached 17 years and was retired in 1871, and has been a pensioner for fifty years.

The program as published is unusually good for the week's session. Especially will all rejoice to hear Bishop Anderson at the anniversary of the board of education, and Bishop McDowell in the lecture on Thursday evening. The pageant Friday evening will be a unique feature, while both the missionary societies (Home and Foreign) present fine programs and speakers for this anniversary occasion. The conference will celebrate an important anniversary also in connection with the Woman's College—its 75th.

SOME OLD TIME PHOTOS

Marvin Thompson of Alexander was in the city yesterday and had with him some old fashioned photographs. One was of Taylor Gilliam, father of Mrs. J. S. Hackett of this city, and one was of Annie Gorham, later Mrs. William Benson and mother of the gentleman of that name living here today.

The photographs were of an ordinary card size but it was the style then to take the full figure making the face quite small.

The pictures were the work of Willis Tandy whose establishment was in the second story of the building now occupied by J. Herman with his millinery and ready to wear store. Mr. Tandy at first took the old fashioned daguerotypes, samples of which few of the present day ever saw but they were good pictures nevertheless. It is doubtful if any photographer of later day made more money than Mr. Tandy who was a fine honorable gentleman. There was no tedious retouching of negatives those days and prices were high. Each picture had on the back of a three cent revenue stamp.

ICER EXPLAINS FUNCTION OF C. OF C.

It Is Expected to Modern Organization as Set Forth By One of the Officials.

Many people living in Jacksonville and Morgan county do not understand the object of a Chamber of Commerce as we have recently organized in this city to set those people to and to refresh the minds of members is the reason of this article which was written for the journal by an officer of the Chamber of Commerce.

The function of the Chamber of Commerce is to serve Jacksonville to make it a more desirable place in which to live and do business. Its task is not only to improve conditions in and around the industries already existing. It's task is to build a community. To perfect of more active and efficient structure; raise the standards of the city's social life; to instill in the minds of the people a stronger pride; to awaken in the citizens an active community consciousness; to bring about a more harmonious relation between merchants, manufacturers and employees; to create an organization in which all patriotic citizens work unselfishly and harmoniously together for the common good.

Fact, to approach from a business point of view all the problems of the city, whether civic, social, mercantile, commercial, or industrial incident to this—but of utmost importance—is a task of consciously perfecting the machinery of the organization, keeping it tuned up and running smoothly.

What the organization does is to bring the aggregate of what the individual members go for the organization and in order to make his effective it must be efficient organization.

What It Must Do.
It must rise above class distinction, above race distinction, above creed distinction, above party distinction and stand as a unit for those things which are right—those things which are for the welfare of the community as a whole. It must awaken a sense of civic pride in the heart of every citizen—it must develop a community consciousness, a spirit of enterprise, a spirit of whole-hearted co-operation. It must think progress, talk progress, study progress. It must not only stimulate a desire for a cleaner, healthier, more attractive and more efficient city, one yielding the fullest possible measures of those things which go to make the normal life worth living, it must learn the best methods of obtaining it. Jacksonville in 1925 and 1950 will look like a picture of the vision and the desire and the active desire and the community thinking and the spirit of enterprise and the service of the average citizen of today. Our city will never go beyond our vision and our ideals; it will never surpass our thinking. It will forever keep step with the enterprise of our citizens. Economic prosperity will always depend upon the vigor of intellect the spirit of enterprise, the resourcefulness, the courage, and the cooperation of the citizens.

It's job is to build a community, to construct a city in which people will live from choice as well as from necessity, a city of clean, healthful, attractive homes, parks for the people, play grounds for the children, libraries and public auditoriums where can be stimulated by the most progressive thought of the age the ideals of community building.

Every citizen owes something to the city in which he lives. It is his home and it is his duty to help care for it.

The success that you have gained in your business is in a large measure due to the fact that the city is here; the value of your real estate has increased not necessarily because you have improved it, but because the city has grown around you. Do you not owe something to the city in return to the city for this prosperity?

All are dependent upon each other. No business man can live independent of the activities of his fellow citizens. The producer needs the consumer; the retailer needs the merchant; the manufacturer needs the manufacturer, the doctor, patients; the worker, employment.

When all interests realize this and all boost together the city and all interests in it will grow and prosper beyond our wildest dreams.

HEALTH DEPARTMENT GIVES WATER O. K.

Supt. Cobb Tells Consumers Water Is Now Reported Safe for Use.

W. H. Cobb, superintendent of the water department, has issued a notice calling attention of the public to the fact that the state department of health has approved the Jacksonville supply. The announcement by Mr. Cobb indicates that the department has not only given its O. K. to the purity of the water supply, but believes that the city water is of much purer quality than that available from the average wells.

The notice from Mr. Cobb sounds quite different from the announcements which Jacksonville usually has been issued by the water department urging people to use as little water as possible. In the old days the supply was frequently short and the quality impure. Now the quantity is ample and the quality such that it has the O. K. of the state department of health.

HURT IN FALL FROM TREE.
O. C. Crabtree, of 923 Beasley avenue, was painfully injured yesterday when he fell from a tree on to the concrete sidewalk, causing severe lacerations on forehead and inflicting other injuries. Mr. Crabtree was engaged in trimming the trees in a neighbor's yard when he in some way lost his footing and fell to the pavement below. Dr. E. D. Canatsey was called and rendered the necessary surgical attention. It was found upon examination that the injured man had suffered the dislocation of both wrists and was badly bruised about the body. Mr. Crabtree was able to be taken to his home but the exact extent of his injuries is not known. The accident happened about 10 o'clock yesterday morning.

SENTIMENT IN BUSINESS.
The old saying that "business is business" gets a jolt once in a while when some big business firm stirs a little sentiment into the mixture. Recently a big chewing gum firm put a new brand on the market and called it Wrigley's P-K's. There have been many guesses as to the meaning of the name. Some have said that it was the initials of the slogan "Packed tight—Kept right," but really it's just a little matter of sentiment. P. K. are the initials of Philip K., the son of the founder of the business, Wm. Wrigley, Jr. P. K. is now in the business as one of the vice presidents.

Miss Helen Allcott gave a most delightful bridge party yesterday afternoon in honor of her house guest, Miss Dorothy Stanbro, of Keokuk, Iowa, who is spending the week here. About six tables of bridge were made up and after several hours of playing, the hostess served delicious refreshments.

Gave Dance For Out-of-Town Guests.

A very enjoyable dancing party was given last evening by Mrs. E. A. Brennan at the Pacific hotel in honor of Misses Lora Worth of Virden and May Phelps of Springfield. The young ladies are guests of Misses Frances Agnes and Helen Brennan, at their home on the Pacific hotel. The young people who were guests at the affairs spent a very pleasant evening with dancing and later in the evening refreshments were passed by the hostess.

Afternoon Affair in Honor of Miss Carter.

Miss Catherine Carter was the guest of honor at a delightful afternoon affair, given yesterday by Mrs. C. H. Smith and Mrs. George Merrill, at the former's home on Westminster street. The guests at this pre-nuptial company were a limited number of friends and relatives of Miss Carter. Dainty refreshments were passed during the afternoon and the affair proved a most delightful one.

Pastors' Aid Society Will Have Picnic.

The members of Circle No. 2 of the Pastors' Aid society of the First Baptist church will hold their regular meeting this afternoon at 2 o'clock at Duncan park. The meeting will be in the form of a picnic and each member is asked to bring some picnic lunch. Plans for the fall and winter work will be taken up.

Entertained for Miss Lynca.

Miss Margaret Lynca, of De Tour, Wisconsin, was the guest of honor at an evening party given last night by Mrs. Michael McGinnis, of East North street, at which home she is visiting. A limited number of friends were guests of Mrs. McGinnis and a very pleasant evening was spent with games and dancing.

RACE HORSE JUMPS FROM MOVING TRAIN

Monday a race horse being taken over the Wabash to Carthage for the races, jumped from the train between Alexander and Orleans.

The animal was in a freight car and was accompanied by its owner. It had not been tied and after the train left Alexandria the horse suddenly jumped over the barrier in the door into the right of way.

The owner had all sorts of visions of a dead horse or at least one so badly crippled it would have to be killed. He was finally able to attract the attention of the train crew and stop the train.

When the train backed up the horse was found grazing contentedly along the right of way. Aside from a few scratches the animal was not injured and was reloaded and the trip to Carthage completed.

MR. AND MRS. JONAS LASHMET RETURN

Mr. and Mrs. Jonas Lashmet have returned from an extended visit with their son in New Mexico, and various other points in the far southwest. They visited Epanogee, Santa Fe, Albuquerque and Logan and then returned by way of Bronson, Kansas where they visited Mr. and Mrs. T. W. Thompson. Mrs. Thompson is a niece of Mrs. Lashmet and made their stay with her very agreeable.

Mr. Lashmet has seen a great scope of country and some pretty good but thinks old Illinois is best of all.

SENTIMENT IN BUSINESS.
The old saying that "business is business" gets a jolt once in a while when some big business firm stirs a little sentiment into the mixture. Recently a big chewing gum firm put a new brand on the market and called it Wrigley's P-K's. There have been many guesses as to the meaning of the name. Some have said that it was the initials of the slogan "Packed tight—Kept right," but really it's just a little matter of sentiment. P. K. are the initials of Philip K., the son of the founder of the business, Wm. Wrigley, Jr. P. K. is now in the business as one of the vice presidents.

BACK PENSION IS ALLOWED MRS. MINTER

Jacksonville Woman Receives Notice of Allowance of \$30 a Month on Account of Death of Soldier Husband.

Just about the happiest woman in Jacksonville is Mrs. Sarah E. Minter, of 329 Yates street, who recently received notice that she is to receive a pension of \$30 a month and back pay amounting to between \$1200 and \$1300. Mrs. Minter is the widow of Samuel Minter, a former member of the First Potomac Home Brigade, Maryland cavalry. She and her husband lived in comparative comfort up to the time of his death, but since that time Mrs. Minter has felt the need for doing laundry work to support her family.

Congressman Guy L. Shaw of this congressional district heard of the circumstances and immediately set to work to start the machinery of the pension bureau to bring relief in this case. His efforts were successful and he telegraphed the good news to Mrs. Minter. Manager Pine of the local Western Union office personally delivered the message and then sent this telegram to Congressman Shaw: "Mrs. Minter found at work, too excited to read the message. Boy read it to her. Woman overcome with joy. Let the good work go on."

Congressman Shaw also succeeded in increasing the compensation and securing insurance for Dr. Walter S. Mix, now of Denver, Colo., formerly of Beardstown. He is a step-son of Dr. C. E. Soule and is to receive permanent compensation of \$100 a month and insurance of \$57.50. Dr. Mix enlisted at Beardstown, was commissioned lieutenant in the medical corps and sent to Siberia. There he contracted tuberculosis. He was discharged from the army with temporary compensation of \$80 a month.

Announcement has also been made that Mrs. Millie T. Conner of Ashland, in whose case Congressman Shaw has been interested, is to receive a pension of \$30 a month, effective from Dec. 24, 1920. She is the widow of William H. Conner, a former member of the 133d Illinois infantry.

The Rialto tonight will show "The Road to London." Every Englishman in Morgan county should see it.

PUBLIC IS INVITED TO K. OF C. PICNIC

The public is invited to the Knights of Columbus picnic, to be held this afternoon and evening on the grounds of the tuberculosis sanatorium. There seems to have been some doubt as to whether this event was intended exclusively for Knights and members of their families. Thomas Duffner, speaking for one of the committees, said yesterday that the Knights are very anxious to have the public know that they are most cordially invited to attend this picnic event.

RETURN FROM STAY AT BATH

A number of Jacksonville people have returned from a week's stay at Bath. They were comfortably located at E-Z Life cottage and had a fine week of fishing and the various other recreations events that have place in a vacation spent on the river.

The party included Mr. and Mrs. Carl Graubner, Mrs. Thomas Flynn and daughter Anna, Mrs. John Huggitt and son Everett, Mr. and Mrs. Otto Wilner and son Francis, Misses Mamie and Kate Hogan, Misses Nellie and Josie Foley and Miles Kehoe, Sr.

Englishmen are reminded of "The Road to London" which will be seen tonight at the Rialto.

WERE GUESTS AT SOOY HOME NEAR MURRAYVILLE

Thirty or more friends and relatives of E. P. Sooy and family were guests at their home east of Murrayville Sunday. At noon time burgoo soup and other good things were served and the guests were made to feel thoroughly welcome. During the afternoon after a social time, refreshments were again served and the whole day was one which will long be remembered with pleasure.

BIRTHDAY SOCIAL AT ALEXANDER CHURCH

Ladies of M. E. Church Held August Social at Church Tuesday. Other Alexander News.

Alexander, Aug. 30.—The regular birthday social of the ladies of the M. E. church was held on Tuesday afternoon at the church. There was a large attendance and a very interesting program was carried out. The hostesses of the afternoon were Mrs. Wilson Morrow, Mrs. J. F. Willetts, Mrs. Lois Black and Mrs. J. T. Little. Light refreshments were served during the afternoon.

Mrs. Sam Ruble underwent a surgical operation at Our Saviour's hospital in Jacksonville Tuesday.

Mr. and Mrs. James Snyder and family of East St. Louis are visiting the former's mother, Mrs. George Snyder.

Misses Alma and Elizabeth Roberts of Alton are visiting their parents, Mr. and Mrs. W. P. Roberts, in Alexander.

Mr. and Mrs. James Strawn, of Jacksonville, were Sunday visitors in Alexander.

Mrs. Luella Todd, who has been visiting Mrs. J. T. Little, has returned to her home in Alton.

Rev. and Mrs. J. R. Cheuvront and son, Brook, have returned after a visit at the former's home in West Virginia.

Four persons were baptized by Rev. J. R. Cheuvront of the M. E. church, Sunday, two in the afternoon and two in the evening.

MR. AND MRS. WISEMAN BACK FROM NORTHERN TRIP

Among automobilists who have recently returned from their travels are Mr. and Mrs. George A. Wiseman, who are at home after an expedition which took them 2400 miles. They left Jacksonville August 9 and traveled thru Missouri and Iowa up to Minneapolis. From Minneapolis they followed the famous National Park highway to Fargo, North Dakota. They were there joined by Mr. and Mrs. Howard and daughter, uncle and aunt and cousin of Mr. Wiseman, and visited Pelican lake, Battle lake, Detroit lake and a number of other well known northern resorts.

On the return trip the Jacksonville people followed the route from Minneapolis that took them thru Red Wing, Winona and La Crosse. In fact they passed thru all the cities along the Mississippi. Arriving at Davenport, Iowa they found practically all the roads were either macadamized or gravel and altho it rained much of the time the roads were in an entirely passable condition.

Mr. Wiseman has no trouble with his car, only one puncture marring a score of 100 per cent.

MRS. SEARS DIES AT HOME NEAR FRANKLIN

Death of Mrs. H. W. Sears Came Tuesday Night After a Brief Illness—Was Long Time Resident of Morgan County.

Franklin, Aug. 30.—Mrs. H. W. Sears passed away at 7:25 o'clock Tuesday evening at the family home, two miles northeast of Franklin. Mrs. Sears had been ill about a week and her condition had been serious for the past few days.

The deceased was born Sept. 12, 1843, at Murfreesboro, Tenn., and came to Morgan county with her parents, Mr. and Mrs. Ira Stewart, at an early age. Her marriage to H. W. Sears took place on July 31, 1879, and Mr. Sears, together with two children, survive. The children are I. L. Sears and J. B. Sears, both of whom reside near Franklin. There are also four grandchildren. Mrs. Sears is survived by one sister, Mrs. Ellen Gray, residing near Franklin, and one brother, Dr. J. W. T. Stewart, living in Franklin.

Mrs. Sears was a member of the Cumberland Presbyterian church and was a woman who had the respect and friendship of all who knew her. Devoted to home and family, she nevertheless found time to take an active interest in affairs of the community, and her death means a distinct loss to many outside the family circle.

Funeral arrangements have not been completed.

Regain Strength and Energy
Since Taking Tanlac.

"My husband, myself and our two girls have all gotten wonderful results from Tanlac, and I don't believe there is another medicine made that can even compare with it," said Mrs. Jennie Krause, of 2751 Haddon Ave., Chicago, Ill. "My two little daughters were in a badly run-down condition and subject to awful headaches, and I was not well myself but felt the need of a good tonic. My husband was complaining the same way that I was, and we all felt tired and sluggish and under the weather. We were not eating like we should, either, and seemed to get scarcely any nourishment from our food. We all needed something to build us up, give us strength and energy. "But Tanlac soon had us eating good and hearty and enjoying our meals. We picked up in strength and energy and, in fact, the medicine made us feel like we wanted to feel. Tanlac is now our family medicine, and we keep a bottle all the time."

WHITE HALL SCHOOL
HAS TEACHING FORCE

Complete Corps of Instructors
Now Employed—Other News of
Interest From White Hall and
Vicinity.

White Hall, Aug. 29.—At this late date there are said to be numerous high schools that have not completed their corps of instructors. The list for White Hall, however, has now been completed, and they are announced by Superintendent Clyde Stone to be as follows: Miss Georgine Piper, White Hall, history; Mrs. R. F. Ballard, White Hall, English; Miss Frances Sissons, Modesto, science; Miss Maude Corbett, Princeville, Latin; Miss Mildred Brown, Harrison, home economics; Ferd Masters, Maryville, Mo., manual training; Clyde Stone, Carrollton, mathematics and superintendent. The list of grade teachers was announced some time ago. The term will begin on Thursday of this week, which will give a couple of days for organizing, and actual work will be lined up in good shape for next Monday.

E. L. Wendell is circulating a petition for appointment by the board of supervisors for justice of the peace to fill the unexpired term of Francis Fowler, deceased, and his choice will hinge on the attitude of the member from White Hall, Jos. N. Schier. The supervisors are to settle the matter this week. Mr. Wendell studied law two years in the office of W. L. Winn, and is well fitted to preside over justice court. This court has been elevated in the estimation of our people in the more than two years that E. S. Barnard has served as justice of the peace. He has an up-town office, and the position enables him to indulge in law practice to some extent, he even having a recent case in the U. S. district court. With Mr. Wendell as justice of the peace, this court will be retaining its high standing and importance in the community that it has been feared would suffer with the death of Mr. Fowler, a justice of extraordinary ability.

The Moss Bros. show left Sunday for Griggsville, after being here a week and doing a better business than the management anticipated. This is one of the biggest carnivals out on the road, and is not without a Big Eli wheel, made by the Eli Bridge Co. of Jacksonville. The people will get back to the movie habit this week. A tent attraction is said to be slated for next week, and a number of picnic parties are scheduled for Gregory park.

WHITE HALL VETERAN
IS CALLED BY DEATH

Samuel Culbertson Civil War Veteran, Passed Away After Long Illness—Funeral Services Held Sunday.

White Hall, Aug. 29.—Funeral services for the late Samuel Culbertson were held at 2:30 o'clock Sunday afternoon at the Christian church. The services were in charge of Rev. Charles Rose and were very impressive in character. Members of the G. A. R. served as honorary bearers. Interment was made in White Hall cemetery.

The death of Samuel Culbertson, a veteran of the Civil War, occurred at 2:30 o'clock Friday morning. He was 89 years of age last April and his death was the result of a gradual decline and final breakdown. For nearly forty years he has been the color bearer of Culver post, G. A. R., on all occasions of a public participation of this organization. There are now left twenty-three members of the local G. A. R., post, probably the largest and most active membership of any post in the state located in a corresponding population.

Mr. Culbertson was born near Marion, Ohio, April 21st, 1842, coming to White Hall before he had reached his majority, and here he has since made his home, a period of nearly seventy years. He has been connected with the clay industry the greater part of this time. The Wendell history of the White Hall clay industry thus speaks of him: "Came to Illinois in 1858 and farmed until the opening of the Civil War, when he enlisted in Company D, 14th Illinois Infantry. He participated in the battle of Shiloh and other battles in the west, and marched to the sea with General Sherman. After the Civil war he continued to farm near White Hall until 1878, at which time he moved into town and entered the employ of Culbertson, Smith and Co. For more than twenty years he was foreman of this plant. He is a brother of the late David Culbertson."

While home on furlough during the Civil War he and Miss Louise Jones were married at Pawnee, Ill., November 28th, 1863. She died February 28th, 1907. Their two sons survive, they being S. Edgar and Frank, both of White Hall. The deceased was a charter member of the following local organizations: Culver G. A. R., post, Christian church and the White Hall M. W. A. camp.

TWO CURIOSITIES.

The writer has observed two things recently of note in nature's doings. One was a robin decorated with a white tipped tail, and a white cravat; the other was a queer toadstool.

The latter was larger on top than usual, and more flat. Then there was a beautiful "working" as the ladies say, of the center and edges of the fungus. Those fully developed were about three or four inches across the top, and thinner than the rounded top specimens. The color was a delicate reddish brown, deeper shading on the edges. Who can give the name of this particular specimen?

REV. A. J. GREEN VISITS
FRIENDS AT BLUFFS

Former Pastor Here Is Now Located in Pittsburgh, Pa.—Children's party at Evans' Home—News Notes.

Bluffs, Aug. 29.—Rev. A. J. Green and family of Pittsburgh, Pa., spent the latter part of last week with friends, remaining over Sunday. In the evening he delivered a splendid address at the M. E. church. He was the local pastor of that church for six years and his many friends welcomed his return.

Mr. and Mrs. Walter Baird of Taylorville, left Friday for a visit with his brother, Ben Baird, of Union Star, Mo. They motored and were accompanied by Mr. and Mrs. Lee Baird and daughter, Ruth Anna. The latter expects to remain ten days.

Mrs. P. M. Green left Thursday evening to attend the fair and to visit relatives in Springfield.

Miss May Price of Oxville is a guest at the Clark Taylor home.

Rex Evans, little son of Dr. C. A. Evans, entertained a number of his little friends at a lawn party at his home Thursday afternoon in honor of his fifth birthday. The merry crowd enjoyed the hours which passed very quickly. Ice cream, cake, watermelons, musk melons were served and Rex would like to have a birthday like this one each week.

Mr. and Mrs. Joe Martin and mother, Mrs. M. E. Bennett, have returned from Denver, Col. The former was called home by the death of a brother.

Miss Gertrude Hierman has purchased a Ford runabout. She will teach in the graded school of Mercedosa and will motor to and from her school.

O. V. Walters of Macomb spent the fore part of the week with friends.

Mr. and Mrs. C. A. Phillips spent Wednesday and Thursday at the state fair.

HEALTH THE KEYNOTE
TO BEAUTY

Beauty means so much to women—power, social triumph, admiration and love. Beauty implies good health. Who ever saw a woman racked with pain, struggling with weakness or disease, who could be called beautiful? The woman of today in this high-strung nervous age is continually overdoing, with the result that ill peculiar to her sex develop which, unchecked, will ruin all chances for her happiness. The natural restorative for such ailments is Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been recognized as a standard remedy for women's ills, and has done much to relieve pain and restore good health to women.—Adv.

PHILLIES STOP THE CARDINALS

Philadelphia broke St. Louis' winning streak of eight straight games today by dividing a double header. The Phillies won the first game 2 to 1, while the visitors took the second game 9 to 8. In the opening game St. Louis hammered 12 hits off Hubbell for one run. However, they made a season record for having men left on bases, 15 being stranded.

The second game was an uphill affair. Both clubs used four pitchers. St. Louis won in the ninth inning when Fournier's double scored Dilhoefer with the winning run.

PIRATES TAKE ODD GAME FROM BROOKLYN

Hit Four Pitchers for Sixteen Hits and a Total of 25 Bases—Robertson Gets Home Run, Triple, Double and Single in Five Times Up.

BROOKLYN, Aug. 30.—Pittsburgh took the odd game of the series with Brooklyn today, 8 to 2, making 16 hits for a total of 25 bases. Glazner held the Superbas to seven hits, five of which came in the seventh and ninth innings for two runs. Robertson of the Pirates made a home run, triple, double and a single in five times at bat. An odd feature of the contest was that none of the four Brooklyn pitchers had a turn at bat. The score:

SISLER GETS FIVE IN FIVE TRIPS UP

St. Louis First Baseman Has Field Day as Browns Defeat White Sox—Game an Easy Win for St. Louis.

CHICAGO, Aug. 30.—St. Louis batted Chicago's pitchers hard today and easily won the first game of the series 11 to 5. The batting of Sisler was a feature. He registered five hits, including a triple in five times up, giving him a perfect average for the day. Shocker had two bad innings and tightened up in the pinches.

DR. WILLERTON ARRIVES IN TUCSON, ARIZONA

Tucson, Arizona.

August 24, 1921.

Editor Journal:

Just a few lines to let you know we arrived all O. K. here in Tucson. On account of so many washouts and detours we were eleven days on the road but considering everything we had a wonderful time and enjoyed every bit of the trip.

We got as far as Bowie, Arizona and found that the roads were so bad we left the car and came on to Tucson, but will go after the car later.

Mr. Richard Reynolds went on to California while I came on with Dr. T. Willerton to visit him and his family. They are fine and enjoying Tucson very much. They have a beautiful home in the finest part of the city.

Tucson is a beautiful city and the climate is delightful. It has been unusually rainy this season. It rained every day in the month of July and about every other day this month. The state highway bridge five miles out was washed away.

I expect to go to Cortaro, Arizona, shortly to see Earl E. Boston and will continue on down to Nogales and will cross the line to see a part of Old Mexico.

Best regards to everyone in Jacksonville. I remain,

Sincerely,

Dan Moy.

My boarding house opens August 29. Mrs. E. G. Caldwell, 352 W. College Ave.

PETER MANNING BREAKS RECORD

Famous Gelding Trots Mile in Two Minutes in Race Against Time—Lowers Record Made on North Randall Track Several Weeks Ago.

READVILLE, Mass., Aug. 30.—The world's trotting record for five year old trotting geldings today was broken for the second time this season when Peter Manning, driven by Thomas W. Murphy, trotted a mile against time in two minutes flat at the Grand Circuit meeting here, lowering by a quarter of a second the mark he hung up a few weeks ago at the North Randall, Ohio track.

Jeanette Rankin the leading money winning trotter of the year, again showed her superiority over the stake horses by capturing the big end of the purse in the Massachusetts \$5,000 event for 2-11 trotters, but not until after Betty Taylor, driven by J. L. Dodge had won the first heat in 2:03 1-4 the fastest time of the race.

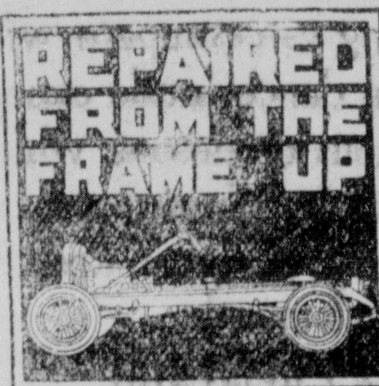

Driven by Walter Cox, the Boston-owned pacer, Colonel Bidwell, winner of nine consecutive races over New England half mile tracks this season was not up to the task of bowling over the big line pacers, and had to be content with third money in the Plerin, a \$2,000 race for 2:10 pacers, which was won by the Tennessee mare Ruth Patch driven by Fred Edman. Cox won the first heat of the 2:07 trot with Jane The Great, but the event finally was captured by Siska, another daughter of Peter The Great driven by Harry Fleming.

Fleming also figured in the winnings in the Boston Herald purse for 2 year old trotters taking one heat with the chhnstnut colt Oseawana, but because of breaks he lost the race to the New York mare Edith Worth in the stable of Lyman Bruse.

The Boston Herald, 2 year old trot. Purse \$3,000.

Why Grind Cylinders?

No matter what other conditions may be, after a gas engine has been run a few thousand miles its cylinders are worn out of round; they leak oil and gasoline if this condition is not corrected.

Grinding is the only recognized mechanical means of lining up the cylinder walls to an accuracy of one thousandth of an inch.

The cost of grinding averages one-third the price of a new block. Therefore regrounding is an economical as well as practical thing to do.

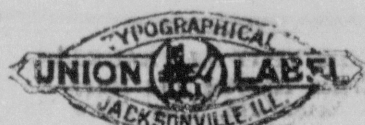

Regrinding is not, however, a "cure-all" for all gas engine ills. In order to reach perfection of operation it is necessary to work over all worn parts which values in cost with the degree of wear. This wear we are constantly urging the public to keep down to a minimum by using a clean, high grade oil in the crank case at all times.

We handle and recommend the use of MOBILOILS—the oil that lubricates most.

Daily Market Report

MARKET CONTINUED UPWARD COURSE

By Associated Press.
NEW YORK, Aug. 30.—The
stock market continued its up-
ward course the only conspicuous
exceptions being the local trac-
tions and diverse specialties con-
cerning which further dividend
reductions or suspensions were
apprehended.

Easier money, a keep invest-
ment demand as evidenced by the
successful flotation of a \$25,000-
000 Brazilian bond offering and
further relocations payments by
Germany in advance of their
maturity were among the factors
which invigorated heavy covering of
short contracts.

The strength of rails and steels
at gains of 1 to 3 points seemed
to be based mainly on better
earnings and the probability that
leading railway systems soon
would come into the market for
supplies.

Representative oils figured
most prominently in the more ac-
tive operations, Mexican Petro-
leum and affiliated issues rose 1
to 5 1/2 points on intimations that
when an oil conference be-
tween the Mexican and Americans
would result in an adjustment of
existing conditions.

Shipments, motors, leathers, to-
baccos and numerous specialties
came forward in the more com-
prehensive advance, cancelling
much of their recent reversal.

Profit-taking on an extensive
scale made little impression at
the strong close. Sales amounted
to 600,000 shares.

Call money opened at 5 per
cent, but dropped to 4 1/2. Foreign
exchange again strengthened.
Dutch and Scandinavian rates
adding substantially to recent
gains.

Stimulated by the quick ab-
sorption of the Brazilian issue,
the general bond list developed
many strong features in the do-
mestic and foreign divisions. The
liberty group however, was
moderately irregular. Total sales
(par value) \$9,875,000.

WHEAT CLOSED UNDER MONDAY'S FINISH

By Associated Press.
CHICAGO, Aug. 30.—The fact
that Canadian May wheat sold at
a discount under the same de-
livery in Chicago allowing for ex-
change rates was chiefly re-
sponsible for unloading by dis-
counted longs on the Chicago
Board of Trade today wheat clos-
ing 1 1/2 to 2¢ under yesterday's
finish.

Corn was 10 1/2¢ at the close
while oats followed suit to the
extent of being 1/2¢ lower. In-
sufficient support gave all of the
grain markets a tone of weakness,
reports from the seaboard were
for sales of 100,000 bushels of
wheat up to noon, including a
cargo to Italy. The bulge is 10
cents from the low of last week
caused many to take the selling
side today on the belief that a
reaction was somewhat overdue.
Corn was under pressure and
broke over one cent from yester-
day's finish with sellers of bids
forced to protect themselves on
the way down.

Support was lacking altho
when around 53¢ for September
and December resting orders
checked the break.

Stoploss orders were recovered
in September oats early and
prices for all deliveries dropped
sharply.

Packers bought the nearby de-
liveries of hard presumably against
sales abroad but the weakness in
grains and hogs gave provisions a
rather heavy undertone at times.

MANCHESTER YOUNG WOMAN AUGUST BRIDE

Miss Hazelle Duncan and J. Eldred Murphy of Roodhouse United in Marriage Sunday—Other Manchester News Notes.

Manchester, Aug. 29.—Miss Hazelle Duncan and J. Eldred Murphy were united in marriage at 9 o'clock Sunday morning, the ceremony being performed by Rev. Fred Peak at the Baptist church parsonage. The young people were attended by Miss Florence Lemon of Manchester and Donald Hamilton of Roodhouse.

The bride is the daughter of Mr. and Mrs. John G. Duncan, well known residents of Manchester. She is a graduate of the local high school and was a student in music at Illinois College Conservatory of Music. For the past two years she has been assistant postmistress at the local postoffice. Mrs. Murphy is a member of the Manchester Baptist church and has been very active in various church and Sunday school life with the young woman of great personal charm. She has found a warm place in the hearts of her friends and it is a matter of great regret that she is no longer to be a resident of Manchester.

Mr. Murphy is the son of Mr. and Mrs. James Murphy, of Bloomington. He attended the schools of his home community and later was a student at the business college in Bloomington. He is now stock manager at the A. H. Cain & Sons garage in Roodhouse, and has the confidence and esteem of all who know him.

Mr. and Mrs. Murphy will be at home to their friends after October 1 at Roodhouse. They begin wedded life with the young congratulations and good wishes of a host of friends.

You Get Bigger Crops the First Year With

MISSISSIPPI Pulverized Limestone

Quality counts in limestone for soil sweetening just the same as in seed for crops. Carrying charges, hauling and the labor of putting it into the soil properly are just the same with inferior limestone or seed as with better kind—profitable returns are quick and sure only when you buy the best.

High Calcium Content and Correct Milling

are of greatest importance in pulverized limestone for agricultural use. Calcium is what you buy limestone for. The richer the stone, in calcium the more soil sweetening material you get for your money—the less stone you need to buy and handle.

Mississippi Pulverized Limestone is exceptionally high in calcium content and is made of the same rock from which our high calcium burned lime is manufactured—free from all flint, low grade material or dirt.

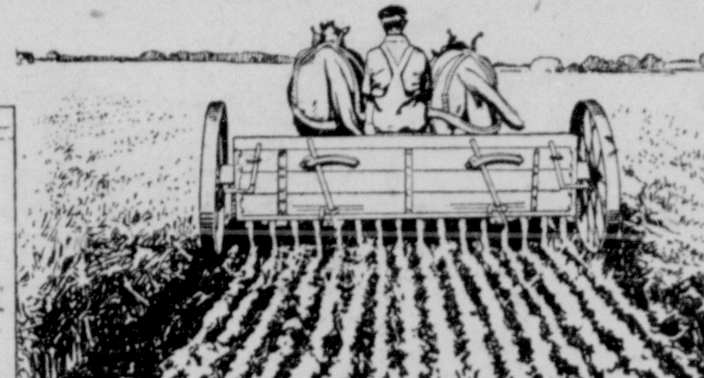

Mississippi High Grade Pulverized Lime Stone is not a mere by-product of the quarry, but is especially selected and milled for agricultural use. Because of its high quality and correct milling, it serves the soil quickly and completely—you get bigger crops the first year and for years to come.

Your Soil Needs Lime

Write us today for free illustrated literature on liming land and reports of crop increases when the right kind of limestone is properly applied.

We fill orders promptly. Let us give you price on a car delivered at your station on short notice. Have your supply on hand to apply in time for bigger crops the coming season.

But it is not an accident when you purchase at To-Ro-6-12 Titan 10-20 or I. H. C. 8-16. This denotes good sound business judgment.

Price Should Be Considered Only by Quality. Quality Is Figured by Service

A few dollars spent for the right machine is soon saved in time when at work; a few hours lost in overhauling and money spent for extra parts is lost and very expensive and soon makes the cheap machine high priced irrespective of how cheap it was bought.

When you purchase a To-Ro 6-12-I. H. C. 8-16 Titan 10-20 you obtain more value for Less Dollars than is possible in any other make.

For convenience and satisfaction the To-Ro-6-12

For real power, the Titan 10-20.
